

ABOUT US

Jenkins Consulting group services encompass the most current trends in inclusive nonprofit governance and leadership. Our services embody our corporate core values – integrity, client-centered, inclusion, results-oriented, and gratitude.

Our services strengthen nonprofit organizations through strategic planning, board assessment and development, program assessment and evaluation, and disrupting unconscious bias training. We provide our services virtually and in-person. They include one-on-one and group consultation, online surveys, webinars, workshops, and meeting and retreat facilitation. We tailor our services to fit client needs for practical strategic solutions.

Linda Jenkins owns our company. Ms. Jenkins is a nonprofit governance consultant with over 36 years of nonprofit and public sector experience. Before founding our company, in 2007, she acquired her professional experience through nonprofit board service and positions with the City of Long Beach, CA, the City of Tulsa, and Tulsa Area United Way. In 2012, she boosted her board consulting expertise by becoming one of the first BoardSource Certified Governance Consultants®. Driven by her passion to help nonprofit leaders govern and manage inclusively, she became certified to facilitate Managing Unconscious Bias in the Workplace workshops through the Cultural Intelligence Center in 2019, and earned the Diversity, Equity, and Inclusion in the Workplace Certificate from the Muma College of Business at the University of South Florida in 2021.

ORGANIZATION EXECUTIVE TESTIMONIAL

“Working with Linda Jenkins was a pure delight. She’s knowledgeable, thorough, flexible, and was responsive to the needs of our Board of Directors. As a result, the board retreat she helped facilitate is one of the best in the organization’s history. We are already seeing the pay-off in terms of increased board engagement and understanding their roles and responsibilities. I can’t recommend Linda highly enough.”
